

2011 **Adventurer**

2011 Adventurer

A rich Winnebago® heritage combined with fresh ideas makes the 2011 Winnebago Adventurer® a compelling coach for any RV enthusiast. All three floorplans incorporate a full-wall slide to maximize your living space—the 37F even includes a half-bath

mid-coach and full private master bath in the rear. With premium features such as Corian® galley countertops, UltraLeather™ cab seats and a powered patio awning, it's no wonder the Winnebago Adventurer is turning heads everywhere.

Settle In

A full-wall slide provides ample room for fun and relaxation. The beautiful cabinetry offers plenty of storage. Choose between a carpeted lounge area (shown) or easy-to-clean vinyl tile throughout the lounge and dining area.

You may find it hard to take your eyes off the large-screen LCD TV. For even more programming flexibility, choose the Your HD-compatible satellite receiver (requires the available King-Dome® in-motion satellite system) and you'll have the ability to turn your DISH Network® programming on and off as you desire to fit your traveling needs—an RVer's dream come true. The video selection system allows you to watch DVD* and satellite programming on the bedroom TV. The available 1,000-watt inverter keeps your entertainment features powered without shoreline or generator power.

Stay cool all summer thanks to the new and improved TrueAir® Maximum Comfort air conditioning system that delivers even cooling throughout the coach.

**DVD player not included in bedroom*

37F Castleton with Coffee-Glazed Sierra Maple

Table/Buffer An available 40" LCD TV retracts out of sight when not in use into the dining table with buffet in the 37F.

Rest Easy Relax on the dual-control Rest Easy® multi-position lounge that glides from couch to recliner to comfortable bed at the press of a button.

REST EASY®

Recognized Quality The Recreation Vehicle Dealer Association bestows its annual Quality Circle Award to the manufacturers that provide exceptional products, service and support. Only one manufacturer has received this honor for fourteen consecutive years: Winnebago Industries.®

GoWinnebago.com

Top Choice

Be bold with your menu selection in the full-featured galley highlighted by Corian solid-surface countertops with a matching backsplash and covers for the sink and range. The three-burner range with an available oven lets you cook like a pro. Speed up the process with the microwave oven or available stainless steel microwave/convection oven.

Storage is plentiful with drawers sized to maximize capacity and full-extension drawer slides that provide easy access. A two-door refrigerator/freezer comes standard or you can upgrade to the four-door model with icemaker for even more cold storage. Filtered cold water is provided by a dedicated faucet.

Dining options include the BenchMark® full-comfort dinette, a U-shaped dinette with available UltraLeather (32H) or the available dining table with buffet (37F). Both dinettes include hidden storage compartments and convert into comfortable beds.

35P Hawthorne with Honey Cherry

BenchMark The BenchMark full-comfort dinette is available with the adjustable Dream Dinette™ table or an extendable table with two folding chairs for added seating (35P and 37F).

Shades Available MCD American Duo® roller shades include separate light-filtering and blackout shades.

Washer/Dryer Make life on the road even easier by adding the stackable washer and dryer (35P and 37F).

Adjustable Comfort

The private master bedroom expands with a rear slideout to provide all the comforts of home. The 32H and 35P come with a queen innerspring mattress or the available Ideal Rest® digital comfort control mattress. Ideal Rest offers dual air chambers with a foam top and individual comfort controls to adjust the firmness to your sleeping comfort.

The 37F offers a power-adjustable bed with your choice of a queen or available king Ideal Rest digital comfort control mattress.

Ease yourself to sleep using the LCD TV and the available stereo system with CD/DVD player, iPod/MP3 input and built-in alarm clock.

37F Castleton with Coffee-Glazed Sierra Maple

Master Bath The 37F provides exclusive access to a private full-bath. A half-bath is provided mid-coach for guests.

Bedroom Storage It's easy to pack for longer trips with the large wardrobe and chest of drawers.

Power Bed A power-adjustable king bed with Ideal Rest is available in the 37F.

Drive with Confidence

Feel completely at ease behind the wheel of your Adventurer with controls close at hand. The dash features the RV Radio® with easy-to-use touch screen controls, CD player and built-in weatherband. The available sideview camera system can also be viewed through the in-dash screen. Upgrade your listening experience to the Sirius® Plug-N-Play satellite radio, complete with an iPod interface connection, two docking ports and a complimentary six-month subscription. You'll enjoy the comfort of the plush UltraLeather cab seats. They both rotate to provide additional seating when the coach is parked.

Driver's Seat The available 6-way power pedestal adjusts the seat to your body.

Workstation The dash workstation pulls out for writing or using a laptop computer.

Front Shade The MCD American Duo front roller shade is a powered visor and has both a light-filtering shade and a blackout shade.

RV Radio AM/FM stereo, CD player, weather band and remote are all part of the RV Radio. The 6.5" touch screen also displays the rearview and available sideview camera images.

All Systems Go

An exceptional amount of storage lets you bring along as much gear as you need for extended trips. The exterior service center houses plumbing connections and features the QuickPort® service connection hatch that allows the bay door to close even with hoses connected. The wash station lets you rinse off muddy shoes before entering the coach.

The standard electric awning with wind sensor creates welcome shade for the patio area. The dual-glazed windows are thermo-insulated for added efficiency. A 5,500-watt Cummins Onan® generator comes standard for powering your coach without connections.

Sideview Cameras Available sideview cameras activate with the turn signals and display on the in-dash screen to assist with maneuverability and visibility.

OnePlace Important switches and gauges are all located in the OnePlace® systems center for easy access.

Entertainment Center The available exterior entertainment center features a 32" LCD TV, AM/FM stereo system, CD/DVD player and is located above the belt line for optimum viewing.

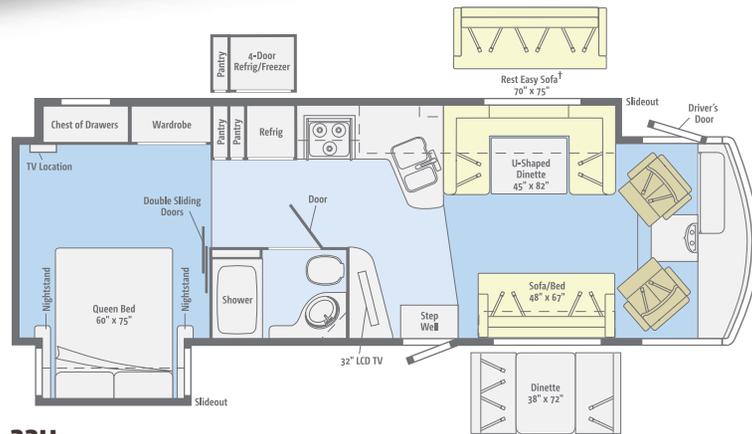

Auto Start The available automatic generator start system automatically starts the generator to charge the system when the coach batteries run low and can also be programmed to turn on at a pre-set time or temperature so you can return to a cool coach.

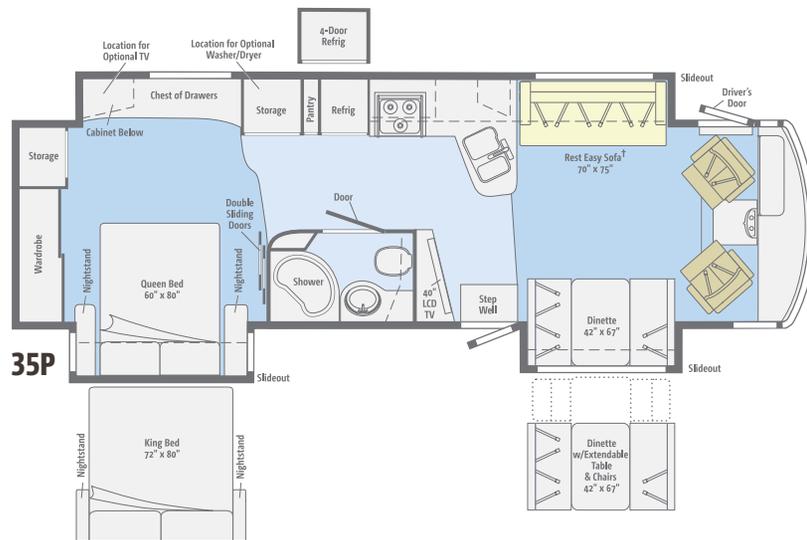

TRUELEVEL Sonar technology senses tank levels without probes that can corrode or clog for accurate readings time after time.

Floorplans & Specifications

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at GoWinnebago.com.

Set Your Coordinates to Maximum Comfort

For years, TrueAir set the standard in RV air conditioning. This year, we're raising the bar with the TrueAir Maximum Comfort A/C. It's the best TrueAir system yet, employing next-generation technology to provide unparalleled climate control and comfort:

- Two high-efficiency, low-profile roof-mount cooling units deliver unsurpassed cooling power
- D-shaped formed ductwork optimizes airflow
- Dual-zone thermostat offers precision cooling
- Infinitely adjustable ceiling vents provide finite control

For complete details on the new TrueAir Maximum Comfort A/C, visit the key features section at GoWinnebago.com.

No Shortcuts – No Compromises

You can compare features. You can compare styles. But when it comes to quality construction, there is no comparison. Only motor homes manufactured by Winnebago Industries harness the legendary strength and durability of our SuperStructure® construction process—a process we've been perfecting for more than 50 years.

SuperStructure means a solid framework, steel and aluminum substructures and components built in-house to our exacting standards. It means managing each detail to ensure the integrity and quality of every coach. It means barcoding parts to save time and frustration during service and running every coach through a high-pressure leak test before it leaves the factory.

Where other manufacturers cut corners, SuperStructure ensures the features you can't see are treated with the same care as the ones you can. When you buy a Winnebago motor home, you are getting a coach that is built for you—and built to last.

The crowned, one-piece **fiberglass roof** is backed by a 10-year limited parts-and-labor roof skin warranty. Fiberglass offers superior strength and durability over less attractive rubber roofs found on so many competitive models that can streak and degrade over time.

Durable, lightweight **Thermo-Panel® sidewalls** combine fiberglass, high-density block-foam insulation and the inner wall surface with aluminum support structures.

Metal substructures secure cabinets and appliances to add safety and stability.

An **electrodeposition coating** helps protect critical steel components.

SUPER STRUCTURE

Specially engineered **interlocking joints** connect the floor, sidewalls and roof into a cohesive unit.

CHASSIS

Seat belts

Child seat tether anchor (32H, 35P)

LP, smoke and carbon monoxide detectors

10 BC fire extinguisher

Ground fault interrupter

Fog lamps

High-mount brake lamps

WARRANTY⁷

12-month/15,000-mile basic warranty,⁸ 36-month/36,000-mile limited warranty on structure,⁸ 10-year limited parts-and-labor warranty on roof skin⁸

1 The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.

2 Adventurer floorplans feature a wide-body design — over 96" in making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.

3 The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.

4 Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.

5 Capacities shown are tank manufacturer's listed water capacity (WC). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.

6 Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

7 See separate chassis warranty.

8 See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.
