RP-179
SeaGlass Interior

Take the fun with you.

Your practical side will appreciate R-pod's affordable luxury at the lowest to-height in its class. Your adventurous side will love R-pod's unique shape and construction.

Where form follows function

The R-pod comes standard with a 4.2 cubic foot 3-way refrigerator that provides you with enough space for all those extended camping vacations.

R-pod's interior comes equipped with residential cabinetry, hardwood drawers and expandable cargo netting for additional storage wherever possible.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights at the unit's axle(s) and tongue or pin, inclusive of all fluids, occupants, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

UVW (Unloaded Vehicle Weight) * - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity) ** - is the amount of weight available for all fluids, occupants, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3lbs per gallon).

**Estimated Average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

R-POD TENT

The R-pod is the perfect example of "form follows function" with its breakthrough design featuring the "aquagloss" vinyl. "aquagloss" is durable and breakable even under the most rigorous conditions. It is flexible in all climates and is resistant to mildew. Sleeping in it is never as good.

Bike Rack (2 bikes) Optional

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

24/7 EMERGENCY ROADSIDE ASSISTANCE

For a worry-free ownership experience

Forest River includes one

year of Coach-Net RV Technical & Roadside
