

ETREK

SAFARI

2000

Dultui interior shown

Seeing is believing

Coordinating hardwoods and fabrics make Trek's dinette a perfect compliment to the coach's decor.

What a delightful package! So many features are packed into Trek that it is easy to forget it's thrifty size. Trek lives up to its reputation as the, "Smart coach with a big attitude", by offering a wide array of amenities usually only found in larger coaches. Comfortable barrel chairs and designer sofa make the living area especially inviting. Trek's smartly arranged, fully applanced galley features a 3-burner cooktop and micro-convection oven, along with an 8 cubic ft. Dometic® refrigerator.

Your year around comfort is assured with a 40,000 BTU LP furnace and 13,500 BTU ducted roof air conditioner. Trek's small size has another advantage, it will keep you cozy or cool regardless of the weather conditions outside.

Okavango Designer Package with optional plank flooring shown

Designer Package introduces luxury features

Upgrade your Trek interior by choosing the Designer Package. Included in this special grouping are Fountainhead™ countertops, UltraLeather™ cab seats, a special inlaid carpet design, and day/night pleated shades. It's the perfect way to give your coach a personal feeling with special luxury touches.

- Tires- 225/70R - 19.51 (F)
- Holding Tanks- 40 gallon - Black, 40 gallon - Gray

Single Piece Aluminum Skin

Safari is famous for its aircraft-grade aluminum construction techniques, and the outer skin of the coach is the frosting on the cake, so to speak. This single piece aluminum skin is utilized in a state-of-the-art bonding process that produces a stronger, smoother wall. Plus, the lasting durability of aluminum and the beauty of a high gloss automotive grade paint finish will bring years of beauty and trouble-free maintenance.

A ceiling by day - a bed by night

Presto! With the simple push of a button, your queen-size bed appears as if by magic. As you see in the upper photo, Trek's bed hides in the ceiling when not in use.

At bedtime, it lowers to a convenient height, ready to give you a comfortable night's sleep. *The advantage:* You get the livable space of a much larger coach, without the space necessary for a full bedroom. No wonder Trek is known as the "smart" coach.

Beautiful and durable Genovese™ countertops accent the hand finished hardwood cabinets in the bathroom. The roomy shower features a skylight and designer glass door. Abundant cabinets and storage keeps everything in its place.

During the day, Trek's ElectroMajic™ bed hides in the ceiling.

At night, the queen-size bed lowers with the push of a button

Features for 2000

Chassis

4,000 lb. Hitch Receiver
Basement Storage
Enclosed Holding Tanks
4 Wheel Anti-Lock Disc Brakes
Stainless Steel Wheel Liners

Power Systems

(2) 12 Volt Deep Cycle House Batteries
3.6K Watt LPG Onan Microlite™ Generator
(w/ P32 Diesel Chassis)
